

Exit Surveys and Interviews

Each year online exit surveys and/or interviews are conducted with student-athletes completing and/or terminating their competitive eligibility. The purpose of this process is to assess how student-athletes feel about their experience at WSU, determine the strengths of our programs, and assess areas of concern. This two-part process includes a password protected online survey (<http://www.athletics.wsu.edu/arc/Career/default.html>) component and a confidential face-to-face interview conducted by the sport supervisor, and/or the faculty athletics representative. All student-athlete responses remain anonymous. **When you are contacted to respond to the survey and a face-to-face interview, please participate. Your input is important to the future success of Cougar Athletics.**
